

- 36** The diagram shows some of the pathogens that cause disease in humans and some of the ways they are transmitted.

Which row matches the correct number for the pathogen with the correct letter for their mode of transmission for cholera and measles?

|          | cholera | measles |
|----------|---------|---------|
| <b>A</b> | 1 and X | 3 and Y |
| <b>B</b> | 1 and Y | 3 and Y |
| <b>C</b> | 2 and X | 2 and Z |
| <b>D</b> | 3 and Z | 1 and X |
