

Question	Marking Guidance	Mark	Comments
02.1	<u>Interspecific</u> (competition);	1	
02.2	1. Do not provide the livestock/cows/horses/yaks with extra food, as their populations will not grow large enough to cause competition OR Keep small numbers of livestock/cow/horse/yak, so their populations will not grow large enough to cause competition; 2. Do not farm horse/choose animals other than horse to farm, as they have the same habitat and (very) similar food to the ibex; 3. Keep horses (but) in enclosed/separate areas, as they occupy the same habitats as ibex; 4. Farm cows, as they have the least similar food and (one of the least similar) habitat (to that of the ibex); 5. Farm yaks, as despite eating the same food, they live in a very different habitat; 6. (Only) grow crops, so no competition;	3 max	Requires suggestion and explanation for each mark 2. Accept farm fewer horses as they have the same habitat and (very) similar food to the ibex 3. Accept descriptions of enclosed areas, eg fenced areas or accept do not let horses out 6. Accept examples of crops
