

Question	Marking Guidance	Mark	Comments
03.1	1. From ADP and phosphate; 2. By ATP synthase; 3. During respiration/photosynthesis;	2 max	1. Accept $\text{Pi}/\text{PO}_4^{3-}$ / P 1. Reject P/Phosphorus 1. Reject use of water in the reaction
03.2	1. To provide energy for other reactions/named process; 2. To add phosphate to other substances and make them more reactive/change their shape;	2	Reject 'produce' energy
03.3	(Can see) 3D image;	1	
03.4	Crista/cristae;	1	Ignore matrix
03.5	Value between 20,750 (83mm) and 21,250 (85mm) two marks;; Formula given/used but calculation wrong, award 1 mark	2	Magnification = $\frac{\text{image size}}{\text{Object size}}$ (Large number divided by 4)
