

23 Which statements about tRNA are correct?

- 1 Hydrogen bonds between bases temporarily bond tRNA to mRNA.
- 2 The base sequences in the tRNA molecules are the same as the base sequences in the mRNA that is being translated.
- 3 Some codons in mRNA do **not** have corresponding tRNA anticodons.

A 1, 2 and 3 **B** 1 and 2 only **C** 1 and 3 only **D** 2 and 3 only
