

7 The diagram shows some relationships between features of carbohydrates.

Which row correctly matches the carbohydrate with some of its features?

|          | 1           | 2           | 3           |
|----------|-------------|-------------|-------------|
| <b>A</b> | amylopectin | glycogen    | amylose     |
| <b>B</b> | amylose     | amylopectin | cellulose   |
| <b>C</b> | cellulose   | glycogen    | sucrose     |
| <b>D</b> | glycogen    | amylose     | amylopectin |
