

4 Fig. 4.1 is a diagram of a section through part of a young root.

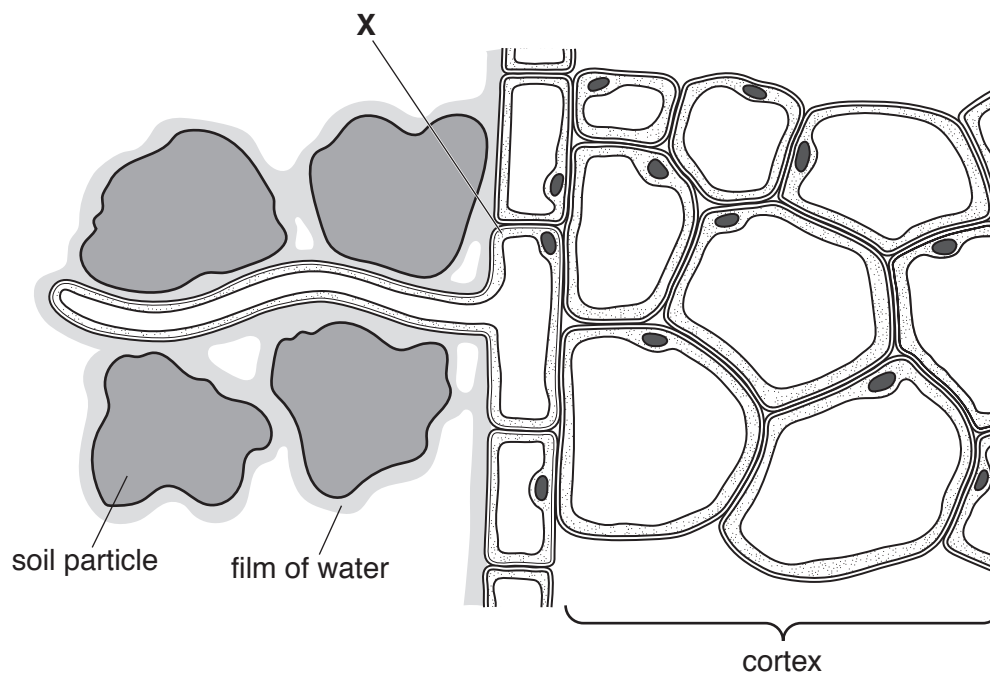

Fig. 4.1

- (a) Describe the pathways by which water passes from the soil to the cells of the cortex shown in Fig. 4.1.

..... [4]

- (b) There is a greater density of mitochondria in the cytoplasm of cell X than in the cytoplasm of a cell of the cortex.

Suggest why this is so.
