

**9** Which molecules contain the following bonds?

|          | ester         | hydrogen    | disulfide  |
|----------|---------------|-------------|------------|
| <b>A</b> | amylase       | haemoglobin | catalase   |
| <b>B</b> | glycerol      | glycogen    | collagen   |
| <b>C</b> | lipids        | amylopectin | amylose    |
| <b>D</b> | phospholipids | cellulose   | antibodies |
