

11 The diagrams show parts of three pairs of amino acids within a protein.

The pairs are labelled X, Y and Z.

Which row shows the correct type of interaction that would occur between the two amino acids in each pair?

	X	Y	Z
A	hydrophobic interaction	hydrophobic interaction	hydrogen bond
B	hydrogen bond	hydrophobic interaction	ionic bond
C	hydrogen bond	hydrogen bond	hydrogen bond
D	hydrophobic interaction	hydrogen bond	ionic bond
