

**33** The table shows some information about three blood vessels, P, Q and R, from a mammal.

|   | diameter<br>/mm | wall<br>thickness<br>/mm | percentage composition of wall |          |                   |
|---|-----------------|--------------------------|--------------------------------|----------|-------------------|
|   |                 |                          | muscle                         | collagen | elastic<br>tissue |
| P | 25              | 2                        | 22                             | 33       | 40                |
| Q | 20              | 1                        | 25                             | 40       | 25                |
| R | 4               | 1                        | 35                             | 25       | 30                |

Which row identifies blood vessels P, Q and R?

|          | P      | Q      | R         |
|----------|--------|--------|-----------|
| <b>A</b> | artery | vein   | artery    |
| <b>B</b> | artery | vein   | capillary |
| <b>C</b> | vein   | artery | capillary |
| <b>D</b> | vein   | artery | vein      |
