

26 A student drew a plan diagram of some plant tissue.

The diagram is shown. It contains a mistake in the way that it is drawn.

The maximum width of R is 15 mm on the diagram and its actual width is 250 μm .

The student was asked to draw a scale bar on their diagram.

Which row is correct?

	part of the plant drawn	location of drawing mistake	length of scale bar in mm to correctly represent 100 μm
A	root	phloem	6
B	root	xylem	170
C	stem	phloem	170
D	stem	xylem	6
