

24 A molecule of mRNA was used in translation. Part of its sequence is shown.

GAU CUG UAA CGG

There were no introns present in the section of DNA that was transcribed to make this mRNA.

What is the sequence of the **non-transcribed** DNA strand for this section?

A CTA GAC ATT GCC

B CUA GAC AUU GCC

C GAT CTG TAA CGG

D GAU CUG UAA CGG
